Dr. Joshua Lederberg
College of Agriculture
University of Wisconsin
Madison, Wisconsin

Dear Dr. Lederberg:

We have a book that we would like you to review for Science. It is GENETICS AND METABOLISM, by Robert F. Wagner and Herschel K. Mitchell, published by Wiley.

A review of approximately 300-350 words by August 26 would be fine. However, if this date is not convenient for you, please set another and let us know.

The enclosed card is for your reply, which we hope will be "yes." If so, the book will be mailed to you at once. If it is not possible for you to do this for us, will you recommend someone?

Sincerely yours,
Charlotte V. Meeting
